Personal & Professional Change Management System

ChangeWorks® Practitioner Training Program Briefing

The Designation —

The ChangeWorks® Practitioner (CP) designation prepares and permits the professional to market and provide services related to the ChangeGrid® Performance Coaching Tool, including: design, administration, compilation and interpretation of individual ChangeWorks profiles using our proprietary online system. In addition, CPs may offer a 60-90 minute "ChangeWorks" keynote address as a business-building workshop.

The ChangeWorks Practitioner Curriculum —

ALL candidates begin by completing basic ChangeWorks Practitioner (CP) training. Two formats are available and all candidates are encouraged to repeat the program in BOTH formats as often as they wish — all at no additional fee.

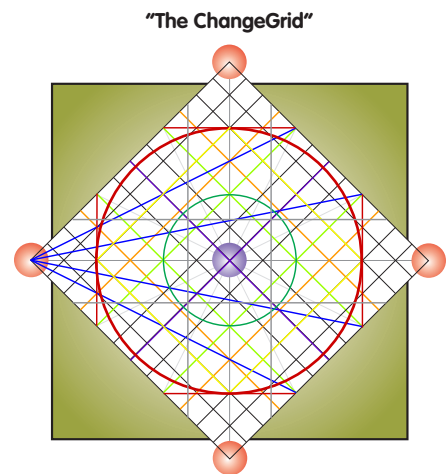

The 8-week CP Webinar Series:

Candidates for the CP designation may choose to attend a 8-week telecourse. One session is held each week, on Tuesday evenings from 6:00PM to 8:00PM Eastern Time. All sessions are recorded so that candidates can review the coursework whenever they would like and enable candidates who cannot attend a live class to listen to the sessions at their convenience. All sessions involve both pre-session and post-session assignments. Quizzes are conducted throughout the course, as well as a comprehensive final exam.

- Session 1 – Fundamental Concepts of the ChangeWorks System
- Session 2 – Basic ChangeGrid Interpretation
- Session 3 – Comparative Human Typological Analysis
- Session 4 – Advanced ChangeWorks Interpretation
- Session 5 – ChangeGrid Maneuvers
- Session 6 – Using the ChangeWorks System in Coaching and Management
- Session 7 – ChangeWorks Group Profiling
- Session 8 – Using the ChangeGrid as a Marketing Tool

The 3-day CP Intensive Course:

Candidates for the CP designation may also choose to attend a 3-day intensive course, designed for professionals who prefer a concentrated learning experience and a quicker launch in integrating ChangeWorks into their practices. The course is held from Thursday morning through Saturday evening from 9AM to 6PM each day.

The workshop involves both pre-workshop and homework assignments. Quizzes are conducted throughout the course, as well as a comprehensive oral final exam.

Day 1:

Session 1 – Fundamental Concepts of the ChangeWorks System

Session 2 – Basic ChangeGrid Interpretation

Session 3 – Comparative Human Typological Analysis

Day 2:

Session 4 – Advanced ChangeWorks Interpretation

Session 5 – ChangeGrid Maneuvers

Session 6 – Using the ChangeWorks System in Coaching and Management

Day 3:

Session 7 – ChangeWorks Group Profiling

Session 8 – Using the ChangeGrid as a Marketing Tool

Once a candidate has completed either the 8-week CP Webinar Series or the 3-day CP intensive course, they may repeat the program in either format as often as they would like at no additional charge.

The Schedule —

Check with the person who gave you this briefing for upcoming dates and locations, OR go to www.masterstream.com/signup

Tuition & Fees —

The tuition for the ChangeWorks Practitioner training is currently \$795. Please check with the person who gave you this briefing or go to <http://www.masterstream.com/signup> for “Early Bird” registration and “Bring a Friend” discounts.

This includes:

- Eight 2-hour telesessions and/or one 3-day workshop
- Access to recordings of all webinars
- Unlimited repeats of both training formats at no additional charge
- ChangeWorks Practitioner Training Manual
- Invitations to the ChangeWorks Forum
- ChangeGrid Interpretation Guide
- Direct access to T. Falcon Napier for one-on-one guidance during your initial course
- Your own ChangeWorks Profile & Personalized Reading
- Unlimited ChangeWorks System access

To enroll, contact the person who sent you this information, or call Linda Napier at 704-987-6500.

Post-Graduation Ongoing Education & Support Services —

ChangeWorks Practitioners are NOT required to pay any sort of an ongoing licensing or support fee. Instead, they have a choice between three ChangeWorks System Usage & Support packages. Each CP selects the package that best matches the needs of their business objectives.
